SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **December 16 through December 31, 2002**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

Project descriptions on both listings are organized by county: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura. State plans and other multi-county plans, projects and proposals are grouped under the "Multi-County" heading at the beginning of the IGR Clearinghouse Report.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **January 15, 2003**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Proposed Amendment of the California Desert Conservation Area Plan for the Western Colorado Desert Route of Travel (WECO)

Contact: Arnold F. Schoeck, (760) 337-4441

The Proposed Amendment to the California Desert Conservation Area Plan for Western Colorado Desert Routes of Travel Designation, Errata Sheet for the Environmental Assessment, Administrative Record of Public Comments, the Bureau of Land Management's responses to public comments, the Proposed Finding of No Significant Impact, revised map of the proposed Amendment, Table of Open, Limited, and Closed Routes, and an Implementation schedule are enclosed.

Changes include show the 1989 camping areas that should have been shown on the No Action and Proposed Action maps. The 2000 camping areas should have been shown on the No Action and the Proposed Action maps. The Proposed Plan Amendment map includes many corrections and additions to aid the reviewers to orient themselves. A new undeveloped camping area was added in the Yuha, south of Highway 98. The no camping area along the common boundary with the Imperial Sand Dunes Recreation Area has been dropped from the Proposed Plan Amendment. However, the final management plans for the Imperial San Dunes Recreation Area may address this issues. Two miles of open routes were added to reflect the on the ground situation in the area managed by Ocotillo Wells State Vehicle Recreation Area. The East Mesa, Superstition and Yuha camping closures should have been shown on the No Action and the Proposed Alternative maps.

Expansion of Earl Schmidt Filtration Plant

Contact: Michael Thompson, (661) 297-1600

The Castaic Lake Water Agency (CLWA) service area comprises approximately 915 square miles of land in northwestern Los Angeles County and eastern Ventura County. The existing Earl Schmidt Filtration Plant (ESFP) is located at 32700 North Lake Hughes Road, within the CLWA service area in the community of Castaic, in an unincorporated area of northern Los Angeles County. The proposed facilities would be located within the existing fenced boundaries of the ESFP and at the existing Intake Pumping Station (IPS) site located across Lake Hughes Road.

CLWA proposes to upgrade and expand the treatment system of the existing ESFP from 33.6 million gallons per day (mgd) to 56 mgd. Originally building in 1980 and expanded in 1987, the ESFP treats surface water supplied to CLWA by the State Water Project (SWP).

Draft EIR 02-1 Boeing Specific Plan Project

Contact: Mac Cummins, (562) 431-2527

The proposed Boeing Specific Plan Project consists of approximately 107 acres located in the City of Seal Beach, in the western portion of Orange county, California. The Project area is situated between Westminster Avenue to the north and Seal Beach Boulevard to the southeast.

The 107-acre Boeing Specific Plan area is presently designated Light Industrial on the General Plan Land Use Map and zoned Light Manufacturing (M-1). The proposed Project would require a General Plan Amendment and zoning change from the M-1 designation to Specific Plan Regulation (SPR). The

adoption of the Boeing Specific Plan would supersede the existing zoning and establish a new set of development regulations and design guidelines for the 107-acre site. The Project also proposes an Amendment to the Circulation Element adding the proposed Apollo Drive alignment and deleting the outdated Map.

The proposed Project involves maintaining approximately 1,150,000 square feet of existing building area (within Planning Area 1 and 2). However, some or all of the existing buildings in Planning Area 2 (approximately 345,000 square feet) may be maintained and/or re-used. New light industrial buildings planned for Planning Area 2 would require relocation and/or demolition of existing buildings and facilities. The project include development of 345,000 square feet of additional building area within the existing Boeing facilities, 55,000 square feet designated for hotel uses and 32,500 square feet, designated for commercial uses, including retail, restaurant and similar commercial uses and 973,000 square feet for Business Park uses. The proposed buildings/expansions would result in a total of 2,210,500 square feet of floor area, representing a net increase of 1,060,500 square feet over the existing floor area of 1,150,000 square feet.

Transmittal of a Proposed Finding of Consistency for the Inland Empire Regional Composting Facility

Contact: Tom Dodson, (909) 882-3612

Inland Empire Utilities Agency (IEUA), in conjunction with the County Sanitation Districts of Los Angeles County (LACSD), have created a joint powers authority (JPA) for managing biosolids from wastewater treatment operations. The JPA is termed the Inland Empire Regional Composting Authority (IERCA) and this agency will serve as the lead agency under the California Environmental Quality Act (CEQA) to construct and operate the proposed Inland Empire Regional Composting Facility (IERCF). The IERCF is proposed as a regional composting facility for biosolids and it is intended to process up to 150,000 wet tons of biosolids per year at this enclosed facility. The end product of the processing operation will be compost material that will be marketed to a variety of users.

The only site selected for the IERCF facility was the one in Rancho Cucamonga. The site is located on 6th Street just west of Etiwanda Avenue, which is located immediately west of the IEUA's RP-4 facility site.

Surfers Point Managed Shoreline Retreat

Contact: Paul Calderwood, (805) 654-7727

The Surfers Point Managed Shoreline Retreat project would involve three primary components: (1) stabilization/restoration of an approximately 1,800-foot stretch of beach; (2) replacement of the damaged shorefront bike path and parking lot; and (3) provision of more paved parking at Ventura County Fairgrounds. The project is located on Shoreline Drive between the Ventura Riverside and Figueroa Street, San Buenaventura.
